Room Exchange eBoard

The Room Exchange eBoard is a great way for students to change housing areas or live in a room with a new friend. Penn State strives to accommodate student preferences when making room assignments but may not be able to assign every student to their desired room type or housing area. Once the housing preference deadline has passed, the Housing Assignment Office is unable to update a student’s preferences. Instead, students have the ability to utilize the Room Exchange eBoard functionality of eLiving to post your room assignment and “swap” it with another student.

The eBoard is available noon ET, Tuesday, July 18 through noon ET, Tuesday, August 8 on eliving.psu.edu. Select My Room > Room Exchange eBoard. Some restrictions apply, based on a student’s Housing and Food Service (HFS) Contract type. Learn more at liveon.psu.edu/university-park/manage-your-hfs-contract.

Break Access/Holiday Housing

The University recognizes some students may not be able to leave campus during holiday breaks or housing closures. Several designated residence halls remain open during the closures and are staffed, allowing students to continue to live in their room assignment. Limited food service options are available during the closures. Students who need to utilize this service are charged an additional $510 per semester. If you suspect that you may need this service, please reach out to the Housing Assignment Office to discuss housing options.

University Housing Closures

During the academic year, University housing closes for fall break, at the end of fall semester, and spring break. Students are expected to vacate housing during these time periods (personal items can remain in the room). The dates and times are indicated on the “important dates” at the back of this guide and posted on the LiveOn site. Reminders of the closures will be shared prior to each break period. The dates/times of these closures are strictly enforced - the University does not permit students a late departure or an early arrival, so it’s important to keep the dates in mind when planning travel arrangements.

Large vehicles, U-Hauls, trailers, RVs, and second vehicles must remain in the long-term parking lots. Free shuttle service is available between long-term parking and housing areas. View free CATABUS Loop and Link or Campus Shuttle rides on the Penn State Go app to reach housing areas. Walkers can find wayfinding at map.psu.edu.

Academic Year Parking
On-campus parking during the fall and spring semesters is available for students who completed 29.1 credits. Students with extenuating circumstances may request a parking waiver application by emailing parking@psu.edu. Visit transportation.psu.edu.

CATA’s Blue Loop and White Loop and Penn State’s Campus Shuttle provide continuous circular service around campus and Downtown State College, while CATAs Red Link runs east to west across campus. All campus routes are free to ride for everyone, and real-time locations and arrival times are available by downloading the Penn State Go or TransLoc apps. Semester Bill

Students living in University housing will utilize eliving.psu.edu to manage your Housing and Food Services (HFS) Contract. This includes requesting housing, accepting the HFS Contract, updating housing preferences, eBoard, modifying your Campus Meal Plan, and so much more.

Room and Board charges for each semester a student has an accepted HFS Contract will be posted to the student’s lionpath.psu.edu account. If there is a change to a student’s room assignment that has a different room rate, the charge/credit will be applied to the student’s account based on a prorated amount. The housing deposit submitted during the acceptance process will be applied to the student’s fall semester bill as a credit toward the room rate. If the student decides to not attend Penn State, the housing deposit will not be refunded.

Meal Plans
Students living on campus will have the Campus Meal Plan as part of the Housing and Food Service (HFS) Contract. The Campus Meal Plan is required to be purchased for each semester a student lives on campus. There are three levels of the meal plan available to select from, offering different amounts of Dining Dollars. Any Dining Dollars remaining from summer session carry over to fall semester and fall semester balances carry over to spring semester if a meal plan is maintained. Any funds remaining at the end of spring semester are forfeited and will not be refunded. If a student leaves the University at the end of fall semester, any funds remaining will be forfeited and will not be refunded. The HFS Contract defaults to level 2, and students may adjust their level through eliving.psu.edu until noon on the last day of finals for each semester.

Savings with the Campus Meal Plan
With the Campus Meal Plan, you will receive savings in the dining commons and at select Retail Dining locations.

- Enjoy a 65% discount at all five “All You Care to Eat” locations.
- “Fast Casual Residential Operations” operations offer a 65% discount on prepared items.
- When using your id+ card to pay for a guest, they can also enjoy a 30% discount in the “All You Care to Eat.”
- Some Retail Dining locations offer a 10% discount to Campus Meal Plan members on prepared items.
- Discount not applicable at national chain locations, coffee shops or markets, or on prepackaged items.

Low on funds?
The benefit of the Campus Meal Plan is that if your account balance runs low, any available funds that you have in your LionCash account will automatically be transferred for purchases, and you will receive the Campus Meal Plan discount. This is a great way to manage your account so you do not forfeit any funds at the end of the semester.
